September 11, 2020

Hon. Sagbeh Mulbah Vanyanbah, MD

**CHAIRMAN**

Jackson F. Doe Memorial Regional Referral Hospital (JFDMRRH)  
Republic of Liberia

Dear Hon. Vanyanbah, MD:

Subject: **REQUEST FOR APPROVAL OF JACKSON F. DOE MEMORIAL REFERRAL HOSPITAL TO USE THE RESTRICTED BIDDING METHOD WITH REDUCTION IN LEAD TIME TO URGENTLY PROCURE A 150KVA ELECTRICAL TRANSFORMER**

We present our compliments and wish to acknowledge receipt of your letter and accompanying documents, which sought the approval of the Commission for Jackson F. Doe Memorial Regional Referral Hospital to use a Restricted Bidding Method to urgently procure a 150KVA Electrical Transformer.

The Commission notes that your request is in line with governing procurement procedures of the PPCA 2010, and consequently renders "No Objection" to utilize the Restricted Bidding procurement method as reflected on your submitted Special Project Procurement Plan for Fiscal Year 2020/2021.

The Commission advises the (JFDMRRH) given the restricted bidding method requested, to include known firms on the PPCC's Vendor Registry when sending the Invitation to Bid. The Commission anticipates that JFDMRRH adhere to this advisory for the conduct of the restricted bidding process.

The Public Procurement and Concessions Commission admonishes and deems it a priority that you remain primarily in compliance with the PPCA, 2010, as we jointly aspire to achieve transparency, accountability, **Value for Money** and **ultimately public confidence** in Liberia's public procurement and concessions processes.

Yours sincerely,

  
Jargbe Roseline Nigbe Kowo (Atty)  
**CHIEF EXECUTIVE OFFICER**

Regulating and Monitoring Compliance with the Public Procurement and Concession Act of Liberia

1	REP NO. JFDH/RB/001/20/21	150KVA ELECTRICAL TRANSFORMER	<p>The Jackson F. Doe Hospital received funding from the Government of Liberia, which was allocated from Fiscal Year 2019-2020 goods and services budget to procure a 150KVA transformer.</p> <p>The Jackson F. Hospital is a community where the cross Border electricity is running 24 hours and, that, management have deem it necessary that, with the help of the electric Power, the hospital should as well benefit from it since the road leading from Ganta to Tappita is constantly deplorable and the delivery of Petroleum product has been a major problem. And also the hospital is only surviving on a single generator. The Management has decided to Procure a 150KVA electrical Transformer, which will help the hospital in it, operation as it is located in the sub-region. As "the" Referral Hospital of the Country with sophisticated and investigative machines that is located in the sub-region the need for an Electrical Transformer is needed in order to help beeves up the strength of the only generator the Hospital has.</p>
