Fiscal Year: 2022

Item No.	CONTRACT PACKAGE CODE	CONTRACT PACKAGE	PACKAGE
1.	IFB No. LISGIS/NPHC/SBA/RFQ/01/2022	Publication & Advertisement	This package is intended to procure the services of widely read print media institutions for advertising the census procurement and recruitment opportunities. The single-source method of procurement will be used because LISGIS and donor partners have identified a few institutions that qualify as “widely read” newspapers. In addition, experience has made us know that many print media institutions do not accept to compete for publication and advertisement contracts. They are less interested in performing services just based on issued purchase orders; they prefer payment before the performance of the services. The package comes from the budget line advocacy and communication.
2.	IFB No. LISGIS/NPHC/SBA/SS/01/2022	Procurement of Air Times for Census Messages	The package comes from the budget line advocacy and communication. It is intended to hire the services of nine identified lead national radio/television stations for airing recorded census messages as well as live talk shows on the census. The institution intends to use the single source method of procurement because the identified stations are considered the only ones that perform the required services.
